

Hands-On

Hands-On Shoring Safety & Installation

Students Will Learn

- **Hands-On Training Will Consist Of Placing Ready Made Shoring, Along With Construction And Placement Of Custom Shoring Needed To Meet OSHA Recommendations.**

Course Outline

Competent Person Overview, Soil Classification, On-Site Safety (Personal And PPE), Identifying Hazards, and Discussing Various Types Of Shoring Needed.

Equipment Requirements

(This apply's to our hands-on courses only)

BTS always provides equipment to have a very successful Hands-On course. BTS also encourages all attendees to bring their own equipment to the course. This will provide attendees the opportunity to incorporate their own gear into the labs and gain valuable training using their specific equipment.

Course Length

2 Days
